## Cast Bronze Drumset Cymbals

p3

### 19" & 21" Z3 ULTRA HAMMERED CHINAS

Zildjian adds two new china models to the loud and penetrating Z3 line. Two new bone crushing Z3 Ultra Hammered Chinas in 19" and 21" are made to explode like none other. Both the 19" and 21" sizes have a new inverted 'volcano' bell which combined with the extensive amount of large hammer marks provide a sound that is trashier than their 18" and 20" Z3 China counterparts. They are medium in weight and have a polished finished, like all Z3 cymbals.

#### Z3 Ultra Hammered China

(T) 19 21

### 22" A ZILDJIAN SWISH KNOCKER

Zildjian introduces a newly designed 22" A Zildjian Swish Knocker which adds a smoother and sweeter "knock" to the sound. While we're calling the design new, it was actually developed specifically from the famed model that Mel Lewis used when he played with his orchestra at the Village Vanguard. This new model features a slightly higher profile and a cup that is not as curved as the model it is replacing. It still features 20 rivets and comes in the legendary A Zildjian traditional finish.

#### A Zildjian Swish Knocker

### QUESTIONS?

Call our award-winning Customer Support Staff at 781.871.2200

## Band & Orchestral

p13

### Zildjian Professional Crotales.

Zildjian announces the release of its Professional Crotales. Made in the U.S. from Zildjian's famous 80% copper/20% tin content bronze alloy. Each note is hand selected for sustain, vibrato speed, and vibrato prominence.

To accompany our new crotales we have totally redesigned our crotales bars and carrying bag.

### Russet Leather Cymbal Handles and Pads

These natural color handles and pads offer a full and comfortable feel.

### Philharmonic Cymbal Straps

These professional grade straps provide great control in your hand, and they may be used to suspend the cymbal as well.

p13

p16

p17

## Gen16

p16

Gen 16 is the result of our effort to bring our knowledge of cymbals and their sounds to the modern digital environment. Digital sound samples and more.

## Accessories

p17

### Practice Pads

Our new pads feature eye catching artwork from Tre Cool and Travis Barker to compliment their excellent feel. Available in 6" and 12" sizes, they all feature a solid base with a 8mm threaded insert so that they can be mounted to cymbal stands.

### Tré Cool Drumstick and Cymbal Bags

The new Tré Cool bags contain his signature along and new houndstooth design to create a unique look and feel.

## Drumsticks

p18

### Play with Color

Zildjian now offers your favorite models in a great shade of blue. Unique and colorful just like your style of playing.  
5A BLUE WOOD | 5A BLUE NYLON | 5B BLUE WOOD | 5B BLUE NYLON

### Refueled Classics

Taking a new twist on the Dennis Chambers Artist Series stick, Zildjian now also offers a nylon black-tip version of this classic. 7A drumsticks have also just gotten Super-Sized. Now with a longer reach.  
DENNIS CHAMBERS ARTIST SERIES NYLON | SUPER 7A WOOD OR NYLON

## Zildjian Gear

p20

5 New Caps to cover your dome. A new gong set, clock and bar stool to dress up your space. Along with some gear to dress yourself!

- UNISEX LONG SLEEVE CROSS T || JERSEY KOOZIE
- RETRO WRISTBANDS || DRUMSTICK KEY RING

# CYMBAL SELECTION AND ORDERING GUIDE

## CYMBAL ORGANIZATION

### Sound Palette

The Zildjian Sound Palette provides an overall structure for the Zildjian Cast and Sheet Bronze cymbal offering. This product index is organized by Series according to the color-coded palette of sounds shown on the opposite page.

### Cymbal Type

Cymbals in each Series are arranged in columns by type — Rides, Crashes, HiHats and Special Effects to help you see, at a glance, the breadth of choices in each range.

### Cymbal Weight / Diameter

Cymbal weight and diameter are among the basic cymbal characteristics that all drummers rely on when finding their own voice among the diverse choices.

Within each model listing, cymbals are organized by diameter — from smallest (the shortest sustain) to largest (the longest sustain). Models are also designated by weight, from heaviest (loudest) to lightest (softest).

## CYMBAL FINISHES

### Cymbal Finishes

Zildjian cymbals are available in two finishes:

**T Traditional** — The lathing process is the final step in these cymbals' manufacture.\* Their unaltered tonal grooves provide a pure, full sound and a classic Zildjian look.

**B Brilliant** — High-speed buffing smooths out the tonal grooves in these cymbals. They feature a natural gold color and a slightly warmer, smoother sound that some drummers prefer.

*\*Due to the organic nature of our alloy, unlathed portions of our cymbals may show natural blemishes or discolorations that would normally be removed during the lathing process. These imperfections do not affect the sound or the quality of the cymbal in any manner.*

## MODEL DESCRIPTIONS

### Model Name

Zildjian cymbal model names often reference a unique characteristic of its weight, diameter, shape, hammering, finishing or other design details. If these names sound familiar, it's no surprise: some are over seventy years old.

### Best Sellers

Products that have become best sellers year-after-year are noted in a bold face type.

### New Models

Products that are new to the line in this product index are represented by

## CYMBAL RIVETS

All Zildjian cymbals, even HiHats, can be ordered with rivets. Rivets produce a sustained "sizzle" sound, always popular in Jazz and increasingly popular with other types of music.

### Special Orders

Rivets (nickel plated steel) can be ordered in two configurations:

**Traditional** — The classic rivet pattern includes six rivets spaced evenly around the perimeter of the cymbal about 1-1/2" from the cymbal edge.

**Three-Rivet Cluster** — One group of three rivets, spaced about 1-1/2" from the cymbal edge and about 1" apart. Provides a subtler, more controlled sizzle sound.

## Dark, Warm + Expressive

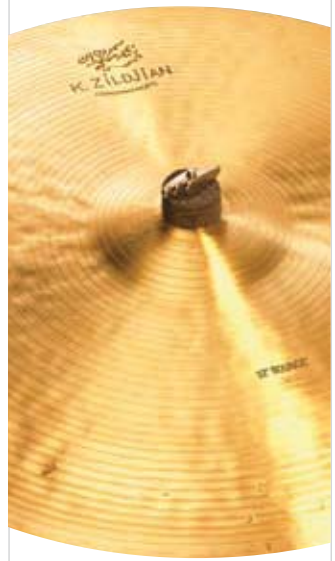

## THE LEGENDARY DRY, DARK SOUND.

The deep, dry and shimmering sounds developed by Kerope Zildjian in 19th Century Turkey continue to inspire drummers today. Elaborate hammering and lathing work our secret alloy into versatile cymbals with a wide-ranging blend of high and low frequencies that can be mellow or intense.

**THE CLASSIC ZILDJIAN VOICE.**

These are the cymbals that launched a million drum solos and shaped musical history. A Zildjians are the world's most popular and versatile cymbals, and for good reason. Splashes, Crashes, Rides, HiHats or Effects, they all explode with a spectrum of tonal colors and excel in any musical setting.

## ROCK YOUR WORLD.

Hard hitting cymbals as you know them have just changed. Now introducing the new Zildjian Z3 line with the ultimate mix of Power, Projection and Playability for your Rock. Made from the formidable Zildjian 80% copper / 20% tin cast bronze alloy, these cymbals explode thanks to oversized bells, symmetrical hammering and large sizes. Optimal Playability comes from a high level of flex that keeps the cymbal from feeling like you are hitting a manhole cover.

**Power, Projection + Playability**

# SHEET BRONZE DRUMSET CYMBALS

These pre-formed metal discs of uniform thickness are crafted with the same care as all Zildjian cymbals. Their voices have a higher pitch, more focused overtones, and a faster decay than Cast Bronze cymbals and produce a more consistent sound from cymbal to cymbal.

### ZHT Sheet Bronze Alloy

Copper: 88% Tin: 12%

### ZXT, ZBT Sheet Bronze Alloy

Copper: 92% Tin: 8%

### CAST & SHEET

### Zildjian Cast Bronze

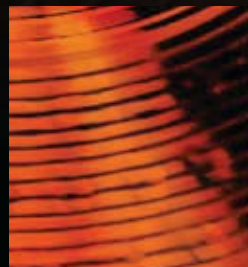

80% Copper, 20% Tin, and Traces of Silver  
Castings individually poured, hammered and lathed. Rich, full-bodied, natural and expressive.

### Sheet Bronze

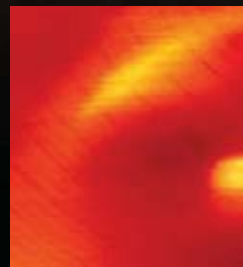

ZHT SHEET BRONZE  
ALLOY: 88% Copper, 12% Tin  
ZXT, ZBT SHEET BRONZE  
ALLOY 92% Copper, 8% Tin  
Bright, focused sounds consistent within each respective model.

**ZHT** **ZXT** **ZBT**

Bold, Bright + Melodic

Clear, Powerful + Musical

Crisp, Clean + Defined

**Bold, Bright + Melodic**

## AMPED UP ALLOY.

Our most expressive Sheet Bronze cymbals yet, ZHT breaks down the barriers of conventional sheet cymbals. A higher tin content, ultra-modern crafting techniques, and extensive hammering have created a more musical metal than previously found in a sheet bronze cymbal.

# BAND & ORCHESTRAL

Designed in conjunction with world class percussionists from all genres - Zildjian's Band and Orchestral cymbals are the ultimate in craftsmanship and sound production. These cymbals provide the quality and consistency for the most demanding student, educator or professional player.

## ORCHESTRAL & WIND ENSEMBLE

**K Constantinople Orchestral** - A dark, rich and expressive sound that blends and enhances any ensemble of musicians.

Sz	Finish	Part #	List	Inv	Ord
----	--------	--------	------	-----	-----

### K Constantinople\* Medium Light, Pairs (M)

18	T	κ1000	\$1270 pr		
20	T	κ1008	\$1470 pr		

### K Constantinople\* Special Selection Medium Heavy, Pairs (MH)

17	T	κ1032	\$1162 pr		
18	T	κ1002	\$1270 pr		
20	T	κ1010	\$1470 pr		

### K Constantinople\* Vintage Orchestral Medium Light Pairs (MT)

16	T	κ1138	\$1068 pr		
18	T	κ1140	\$1270 pr		
20	T	κ1142	\$1470 pr		

### K Constantinople\* Vintage Orchestral Medium Heavy Pairs (MH)

16	T	κ1136	\$1068 pr		
18	T	κ1122	\$1270 pr		
20	T	κ1144	\$1470 pr		

## SUSPENDED CYMBALS

### K Constantinople Suspended (MT)

16	T	κ1022	\$534		
17	T	κ1023	\$581		
18	T	κ1012	\$635		
20	T	κ1014	\$735		

Marching, Drum Corps, Concert Band and K Symphonic cymbals do not include straps and pads. These can be found in the Accessories section on page 17.

\*K Constantinople Orchestral cymbal pairs include: 20" Orchestral Cymbal Bag (P0726), one pair Orchestral Felt Pads (P0756) and one pair Leather Straps (P0750).

Grommets are not standard on orchestral cymbals and we do not recommend using them with these cymbals as they do affect the complete purity of tone of an orchestral cymbal.

Orchestral and Band cymbals are available separately. Ask for details when ordering.

**K Symphonic** - Brighter than K Constantinople and darker than A Classic Orchestral. A core sound that will cut through any ensemble with a well balanced attack and sustain. Effortless playability and a consistent sound color throughout all dynamic levels. K Symphonic Light - a lighter weight than the K Symphonic.

Sz	Finish	Part #	List	Inv	Ord
----	--------	--------	------	-----	-----

### K Symphonic Light, Pairs (MH)

18	T	κ2004	\$1100 pr

## Artist Series

Derived from each artist's individual style and custom crafted from the finest hardwoods.

## Hickory Series

Crafted to the same manufacturing standards as Zildjian Cymbals, and they're guaranteed to be straight.

## Maple Series

This light wood allows for larger diameter sticks without the weight.

## ANTI-VIBE™ Series

Patented technology effectively reduces unwanted vibrations.

## DIP® Series

Proprietary grip technology provides a soft grip and unique stick sounds.

## Brushes and Mallets

Fixed and retractable wire brushes and mallets.

## Specialty Sticks

Multi-application specialty sticks.

## Hickory Series
