accessories

Silent BRASS™

PRACTICE ANYTIME, ANYWHERE.

With a Yamaha Silent Brass™ System, you can play your baritone (or trumpet, flugelhorn, trombone, even tuba) without bothering others around you. The Silent Brass™ System allows you to play normally, unlike most mutes that require playing harder than normal just to hear yourself. Plus it comes with a cable so you can plug into an MP3 player and jam along with your favorite music.

CONNECT TO YOUR MP3 PLAYER
AND JAM WITH THOUSANDS OF TUNES!

SILENT BRASS™

These completely portable and soundproof systems are the most innovative product for brass instruments. With Silent Practice™ you'll hear a sound inside the earphones so rich and full you'll think you are standing on a concert hall stage.

SILENT BRASS™ SYSTEMS

Systems include the 'pickup' mute, digital processor, stereo earphones and cables.

SB79C	Silent Brass™ system for trumpet; consists of PM7 and ST9	\$159.95
SB69C	Silent Brass™ system for flugelhorn; consists of PM6 and ST9	179.95
SB59C	Silent Brass™ system for trombone; consists of PM5 and ST9	179.95
SB39C	Silent Brass™ system for horn; consists of PM3 and ST9	199.95
SB29C	Silent Brass™ system for euphonium; consists of PM2 and ST9	229.95
SB19C	Silent Brass™ system for tuba; consists of PM1 and ST9	449.95

SILENT BRASS™ MUTES ONLY

These 'pickup' mutes are quieter and offer far less resistance than traditional practice mutes.

BRIDGE PICKUP SYSTEM

Featuring dual sensors embedded into a high-quality Aubert bridge blank, the VNP1 is another example of Yamaha's unique combination of tradition and technology. Connection to an amplifier, recording device or PA system is achieved through the use of an innovative single-barrel side-mounted 1/4" jack. The bridge and jack units connect easily, no soldering is necessary.

VNP1	Acoustic violin bridge pickup system; includes Aubert bridge blank, 3/4" jack unit and grounding shield sheet	\$264.95
------	---	----------

Note: Bridge blank must be carved by a skilled violin technician

STRINGS

YAMAHA

These custom strings, designed specifically for electric violins, feature a ball end that grounds the EV instruments helping to reduce noise or interference. Available for 4-string or 5-string violins, the 5th (C) string is made to violin length, matching its optimal tonal balance and tension with the other 4 strings.

ELECTRIC VIOLIN

Available in 4/4 scale length only; medium tension

EVS-1E	E; steel	\$4.50
EVS-2A	A; Perlon core; aluminum wound	14.95
EVS-3D	D; Perlon core; aluminum wound	20.95
EVS-4G	G; Perlon core; nickel wound	21.95
EVS-5C	C; Perlon core; nickel wound	23.95
EVS-204	Set; 4-string E,A,D,G	62.95
EVS-205	Set; 5-string E,A,D,G,C	84.95

D'ADDARIO™

ZYEX®

Zyex® is a new generation of synthetic material, tremendous for professional players. It was created to be stable for drastic climatic conditions and settles in very fast, within a matter of hours. Zyex® has a warmer sound than other synthetic strings.

VIOLIN

Available in 4/4 scale length only; medium tension.

D-DZ311	E; tinned high carbon steel	\$6.50
D-DZ312	A; aluminum wound	18.00

KAPLAN SOLUTIONS™

Kaplan Solutions™ strings are precisely designed to solve specific problems for high-end players. The non-whistling E string eliminates the whistling sound sometimes heard when the open E string is played while crossing from a lower string, a unique design which comes from a thorough scientific study.

VIOLIN

Available in 4/4 scale length; medium tension only.

D-KS311W	E; non-whistling	\$14.00
----------	----------------------------	---------

LARSEN STRINGS®

A unique concept of wire core and winding technique has brought Larsen Strings® as close as possible to the musical virtues of the classical gut string. The core perfectly reproduces the stretching ability of gut, which allows for the best response yet in a wire core string.

-----------	--	---------

KEIKO ABE SIGNATURE SERIES MALLETS

The Keiko Abe Signature Series features nine different degrees of soft to hard mallets that make it easy for an artist to select a voiced set of four for any musical situation. The hard mallets are heavy and create a full sound from the upper range of the marimba, while the bass mallets pull the fundamental resonance out of the instrument's lower range. These yarn wound mallets are ideal for solo work as well as concertos, and boast Yamaha's unique thick rattan shafts in a variety of lengths. Each mallet has a unique feature and texture as well as color-coded tape for easy identification during play.

YOU'RE INSTRUMENTAL TO THEIR SUCCESS

You've dedicated your life to helping children experience the joy of making music. With your careful guidance and inspiration, and the proper instruments, you give them an excellent opportunity to succeed.

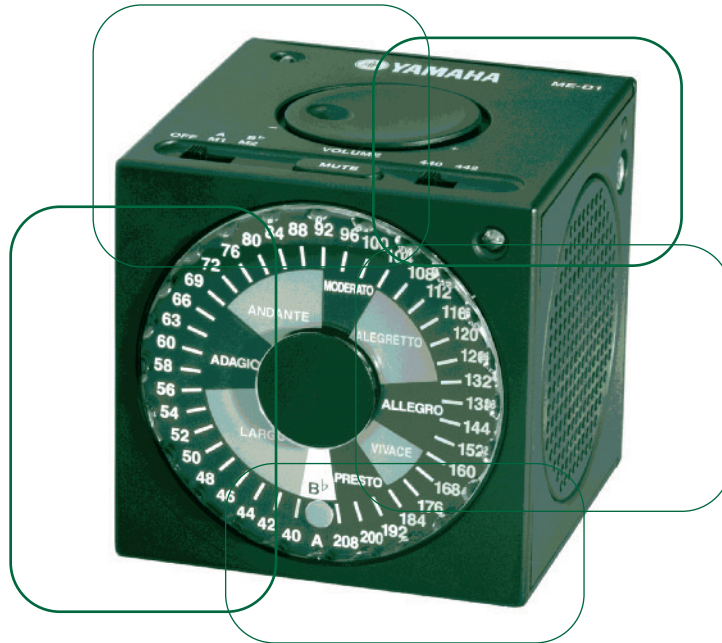

Yamaha creates those instruments. Yamaha recorders are painstakingly designed to create the ideal amount of air resistance so children can play accurately with little effort. These recorders reward young musicians with a rich, full tone that produces a big smile and a burst of confidence.

It's not just great tone that makes Yamaha recorders appealing. Their unique Sour Apple Green, Cotton Candy Blue and Bubble Gum Pink colors lend an irresistible charm. On the purely practical side, they disassemble into three pieces for simple and thorough cleaning.

Keep up your important, influential work and Yamaha will help you lead your students down the bright, exciting path to musical success.
